### INTELLECTUAL PROPERTY RIGHTS

Any and all intellectual property rights, including (a) inventions, patents, and patent applications; (b) trademarks, service marks, trade names, trade dress, Internet domain names, and other source indicators, together with the goodwill associated exclusively therewith; (c) copyrights, derivative rights, and other related rights in works of authorship; (d) registrations and applications for registration of any of the foregoing in (a) – (c); and (e) trade secrets, know-how, and proprietary or confidential information in or related to the Software, including without limitation its source, object, or other types of code as well as preparatory design works, documentation shall be owned, vest in, and inure to the exclusive benefit of Vazco.

Copies of the Software created or delivered pursuant to the Agreement are licensed only, not sold, and Licensee receives no title to or ownership of any copy or of the Software itself. Licensee receives no rights to the Software other than those specifically granted in this Agreement.

The Licensee acknowledges and accepts that Software may contain Open Source. In the event Software contains Open Source software, Licensee shall comply with the terms of such Open Source license. The type and scope of the Open Source license obtained by the Licensee shall be exclusively governed by the licensing terms applicable to the relevant Open Source software in the most extensive scope admitted by those terms.

The Open Source libraries in the Software are included in compliance with pertaining licenses and subject to any such disclaimers and limitations of liability as set forth in the open-source library licenses. Vazco

expressly rejects and disclaims any and all liability for their content, consequences, or fitness for Licensee's purposes.

## **LICENSE & TERM**

Under the License, Vazco grants to Licensee a non-exclusive, non-transferable, non-sublicensable right to use, test, examine, reproduce, and modify the Software in order to create Licensee Product within the Project scope. The License is given on a per-Project basis as multi-tenant.

Depending on the subscription plan chosen by the Licensee on Forminer order page, the License is granted either:

- a. annually ("Annual Subscription"); or
- b. perpetually ("One-time Payment").

License is granted upon full payment of License Fees according to the relevant subscription plan.

For the Annual Subscription, Licensee needs to prolong the license every year, by processing an additional fee, as per Clause "Fees", or remove and cease the use of the Forminer package under the project for which the license was granted.

Annual Subscription each time automatically extends for consecutive one-year terms unless the Licensee provides a notice of termination at least 30 days before the end of current subscription term according to Clause "Notices". In the event the Licensee has not paid the License Fee before the start of the next subscription term, the right to use the Software is suspended until the License Fee is fully paid, while retaining the right of Vazco to the License Fee for such License term.

Vazco is authorized to update License Fee and licensing terms from time to time, which shall be applicable to all subscriptions extended or concluded after such change is introduced. Licensee shall be informed about such changes before the start of the subscription term.

After four fully paid consecutive annual prolongations, Licensee acquires a perpetual license for the Software, and does not need to process any additional payments in order to use the Software in perpetuity.

Subject to full payment of fees and complete consistency with other terms of this Agreement, in particular, Clause "Prohibited Use", Licensee Products created by Licensee using the Software functionalities may be introduced to the market, resold, and transferred to third parties at Licensee sole discretion, without the necessity to obtain any other approvals from Vazco nor to pay any additional remuneration to Vazco.

Licensee may not sell, lease, or authorize any third party to do so, the Software, either as a standalone or an integrated product, whether for internal or external, be it commercial or otherwise, purposes.

## **DELIVERY**

The subject matter of the License is digital content meaning data produced and supplied in digital form. Vazco will provide the source code of the Software to Licensee through digital means within 3 days from the payment date of the License Fee ("**Delivery Date**").

## **SUPPORT**

Support services (if any) shall be subject to a separate Agreement between the Parties.

## **FEES**

Licensee will pay to Vazco a License Fee in the amount depending on the subscription plan. To pay the License Fee, the Licensee shall immediately following the conclusion of the Agreement, indicate its address for the accounting purposes as well as credit or debit card data on Forminer order page for the

purpose of payment processing by dedicated payment processor (SendOwl or other, as changed by Vazco from time to time). Failure to pay the full amount when due gives Vazco the right to withhold delivery of the Software.

Licensee acknowledges that credit or debit card data above shall be used by Vazco for the purpose of payment for automatic Annual Subscriptions (if any), unless the Licensee terminates the Agreement according to Clause "License & term" or "Termination".

All payments to be made under the Agreement shall be made in cleared funds, without any deduction or set-off and free and clear of and without deduction for or on account of any taxes, levies, imports, duties, charges, fees, and withholdings of any nature now or hereafter imposed by any governmental, fiscal or other authority save as required by law. If Licensee is compelled to make any such deduction, it may have to pay to Vazco such additional amounts as are necessary to ensure receipt by them of the full amount which Vazco would have received but for the deduction. Upon request of Licensee Vazco will provide Licensee with a proper certificate of residence (for tax relief purposes, or the like).

### **PROHIBITED USE**

Licensee may not:

- a. distribute the Software or its modifications as part of any application, website, or system that can be described as a software competitive with the Software;
- b. change or remove the copyright notice from any of the files included in the Software or its modifications;
- c. use the Software in a manner that, either intentionally or unintentionally, violates any applicable local, state, national or international laws, good industry practice, this Agreement, or any copyright or other right of Vazco or any third party;
- d. use the Software in order to damage Vazco or any third party;
- e. use the Software outside the scope of the Project, on different Projects or domains.

### **INDEMNIFICATION**

Licensee will indemnify, defend, and hold harmless Vazco and each of its respective officers, directors, partners, employees, agents, successors, and assigns, or any of them (collectively, the "**Indemnified Parties**") from and against all claims, suits, demands, actions, causes of action, proceedings, judgments, assessments, deficiencies, and charges brought against the Indemnified Parties or tendered to the Indemnified Parties for defense or indemnification (collectively, "**Claims**"), and for all damages, losses, costs, liabilities, and expenses (including reasonable attorney and professional fees and costs) arising from or incidental to Claims to the extent they are caused by (i) use or sale of the Software in combination with any other products such as without limitation Licensee Products if the infringement would not have occurred but for such combination; (ii) any material alteration or modification of the Software not intended, authorized by Vazco, or subsequently incorporated into the Software by Licensee, if the infringement would not have occurred but for such alteration or modification; or (iii) Licensee's failure to substantially comply with Vazco's reasonable written instructions which if implemented would have rendered the Software non-infringing.

### **TERMINATION**

Each Party may terminate the Agreement (with regards to Annual Subscription only) for convenience, upon 30 days' notice. The termination is effective at the end of the current subscription plan.

Vazco may terminate the Agreement with immediate effect upon Licensee's failure to comply with its terms and conditions.

Upon termination:

- Vazco will cancel the License and deactivate any and all Licensee's access to Software;
- Licensee must immediately stop using the Software or otherwise enjoying rights granted under the License, and must remove all of its components from any and all applications or other derivative work developed by Licensee; and
- Licensee must provide written confirmation of fulfillment of obligation (ii) above within 5 days following the termination of this Agreement.

Termination of the Agreement will not limit any other rights of Vazco. Licenses canceled due to Licensees breach of the Agreement or terminated for convenience by any Party are non-refundable.

## **WARRANTIES AND LIABILITY**

Licensee expressly acknowledges and agrees that use of the Software is at Licensee's own risk and that the Software is provided "as is" without any warranties or conditions whatsoever. Vazco expressly disclaims any warranty, express or implied, including, without limitation, the implied warranties of merchantability, lack of physical defects, fitness for a particular purpose, or non-infringement. Vazco does not warrant that the Software and its functionality, reliability, and performance will meet Licensee's requirements or that the operation of the Software will be uninterrupted or error-free. Licensee assumes responsibility for selecting the Software to achieve Licensee's intended results, and for the use and the results obtained from the Software. Licensee understands that the Software may produce inaccurate or incomplete results because of errors within the Software or failures by Licensee to properly use the Software. Licensee assumes full responsibility for any use of the Software and bears the entire risk for such error and failures.

In no event shall Vazco be liable for any indirect, incidental, special, or consequential damages or for any damages whatsoever including but not limited to damages for loss of business profits, business interruption, loss of business information, personal injury, loss of privacy or other pecuniary or other loss whatsoever arising out of the use or inability to use the Software, even if advised of the possibility of such damages. To the maximum extent allowed by applicable law, regardless of the form of action, in no event, Vazco aggregate liability arising out of or related to the Agreement exceeds the total amount payable by Licensee under the Agreement.

In case of breach of "Prohibited Use" (clause e), Licensee is obliged to pay contractual penalty in the amount of three times the License Fee for every Project that the Software was used to or incorporated on without prior written consent of Vazco.

## **CONFIDENTIALITY**

Licensee expressly undertakes to (i) retain in strict confidence all information and know-how transmitted, disclosed, or otherwise made available to it by Vazco that Vazco has identified as being proprietary and/or confidential in any way or that, by the very nature of the circumstances surrounding the disclosure, ought in good faith to be treated as proprietary and/or confidential ("**Confidential Information**"), and (ii) to make no use of Confidential Information except within enjoyment of rights granted under this Agreement and applicable License. Without limiting the foregoing, Licensee will treat any and all source code for the Software and documentation as Confidential Information and will not disclose, disseminate or distribute such materials to any third party without Vazco prior written permission. Licensee's obligations under this Clause shall apply at all times during the term of the License and for ten (10) years following termination of it, provided, however, that (i) obligations with respect to source code shall survive in perpetuity and (ii) trade secrets shall be maintained as such until they fall into the public domain.

## **NOTICES**

All notices under this Agreement from the Licensee to Vazco shall be delivered in English to **hello@forminer.com**.

## **FINAL PROVISIONS**

Neither party will be responsible for any failure or delay in its performance under this Agreement (except for any payment obligations) due to causes beyond its reasonable control, including fire, flood, earthquakes, telecommunications line failures, technology adjustment carried out by telecommunication companies, electrical outages, network failures, hacking, labor disputes, strikes, lockouts, shortages of or

inability to obtain labor, energy, raw materials or supplies, war, terrorism, riot, or governmental action.

The Software may be subject to export or import regulations, and Licensee agrees to comply strictly with all such laws and regulations.

This Agreement will be governed by and interpreted in accordance with the laws of the Republic of Poland. Any and all disputes arising from these Terms or Agreements shall be subject to the exclusive jurisdiction of the Courts in Wrocław, Poland.

To the extent permitted by applicable law, the Parties waive any provision of law that would render any clause of the Agreement invalid or otherwise unenforceable in any respect. In the event that a provision of the Agreement is held to be invalid or otherwise unenforceable, such provision will be interpreted to fulfill its intended purpose to the maximum extent permitted by applicable law, and the remaining provisions of the Agreement will continue in full force and effect.

This Agreement constitutes the entire and only agreement between the Parties in relation to its subject matter and replaces and extinguishes all prior or simultaneous agreements, undertakings, arrangements, understandings or statements of any nature made by the Parties or any of them whether oral or written (and, if written, whether or not in draft form) with respect to such subject matter.

Licensee declares that it purchases License for the purposes related to its business activity and does not act as a consumer in this regard.

Licensee will not assign or transfer any part of its rights or duties under the Agreement without Vazco prior written consent.
